NETWORK AND SYSTEMS MAINTENANCE

 12-4 AM Central 12-6 AM Central

During scheduled maintenance, intermittent interruptions may occur to Portal, NCP Order, Direct Access, FTP file transmissions and the NCP website.

There may be instances when these periods are shortened or extended, depending on the circumstances of the scheduled maintenance. During January, each Sunday is reserved for maintenance to be performed on an as-needed basis; there are no planned outages. NCP reserves the right to add periods to address unexpected issues. We will make every effort to provide notice in advance.

Wednesday of each week will be an "Emergency Maintenance Day" to accommodate system changes, security updates, etc. This will occur only when absolutely necessary.
